

ABSTRACT

Suardani, Ni Luh Putu Indra, 2022, **An Analysis of Indonesian – English Code Switching in Lulu Anggriani’s Selected Vlogs**. English Study Program, Faculty of Foreign Languages, Mahasaraswati Denpasar University. Supervisor: I Gusti Bagus Wahyu Nugraha Putra, S.S., M.Hum. Co-Supervisor: Putu Devi Maharani, S.S., M.Hum.

This study aimed to analyze the types and the functions of code-switching in Lulu Anggriani’s selected vlogs. The theory from Appel and Muysken (2006) used to analyze the types of code-switching, and Poplack (1980) as the supporting theory. Meanwhile, the theory from Appel and Muysken (2006) used to analyze the functions of code-switching. The data were taken from Lulu Anggriani’s selected vlog. The data analysis used qualitative method, and the method applied in presenting the data were formal and informal method. There are three types of code-switching found in Lulu Anggriani’s selected vlogs, such as 10 (12,5%) data of tag switching, 32 (40%) data of intra-sentential switching, and 38 (47,5%) data of inter-sentential switching. There are also several functions of code-switching in Lulu Anggriani’s selected vlogs, such as 16 (20%) data of referential function, 6 (7,5%) data of directive function, 11 (13,75%) data of expressive function, 44 (55%) data of phatic function, and 3 (3,75%) data of poetic function. Inter-sentential switching was the most dominant type found in Lulu Anggriani’s selected vlogs. The most dominant function of code-switching found in Lulu Anggriani’s selected vlogs was phatic function.
