

ABSTRAK

Imelda Wolla Gollu, 2022. “Kinerja Usahatani Kopi Arabika (Studi kasus : Kelompok Tani Dharma Kriya, Desa Belantih, Kecamatan Kintamani, Kabupaten Bangli)”. Pembimbing (1) Prof. Dr. Ir I Ketut Arnawa, M.P dan Pembimbing (2) Dr. Ir. I Made Tamba, M.P

Penelitian ini berjudul “Kinerja Usaha Tani Kopi Arabika “*Studi Kasus : Kelompok Tani Dharma Kriya, Desa Belantih, Kecamatan Kintamani, Kabupaten Bangli*” penelitian ini bertujuan : (1) Untuk menganalisis produktivitas dan efisiensi usahatani kopi di Kelompok Tani Dharma Kriya, Desa Belantih. (2) Untuk menganalisis kendala-kendala yang dihadapi petani kopi di Kelompok Tani Dharma Kriya, Desa Belantih. Penelitian ini dilaksanakan di Desa Belantih, Kecamatan Kintamani, Kabupaten Bangli, lokasi yang di ambil dalam penelitian ini adalah Kelompok Tani Dharma Kriya. Penelitian ini dilaksanakan selama 2 bulan, selama bulan Oktober hingga bulan November 2021. Pemilihan sampel dalam penelitian ini menggunakan metode sensus dimana semua populasi di gunakan sebagai sampel yang berjumlah sebanyak 33 orang yaitu semua anggota Kelompok Tani Dharma Kriya di Desa Belantih. Metode analisis data yang digunakan dalam penelitian ini dilakukan secara deskriptif kualitatif dan deskriptif kuantitatif. Hasil penelitian menunjukan bahwa Produktivitas usahatani kopi arabika di kelompok Tani Dharma Kriya di peroleh per musim panen sebanyak 1,977,27 kg/are. Efisiensi usahatani kopi arabika di Kelompok Tani Dharma Kriya adalah efisien, sehingga efisiensi usahatani kopi arabika diusahakan lebih lanjut. Kendala-kendala yang dihadapi petani kopi antara lain: Kecilnya skala usahatani, belum mantapnya sistem dan pelayanan penyuluhan, luas lahan dan lemahnya tingkat teknologi.

Kata Kunci : Efisiensi, Kinerja Usahatani, Produktivitas

ABSTRACT

Imelda Wolla Gollu, 2022. "Performance of Arabica Coffee Farming (Case Study: Dharma Kriya Farmers Group, Belantih Village, Kintamani District, Bangli Regency)". Supervisor (1) Prof. Dr. Ir. I Ketut Arnawa, M.P and Advisor (2) Dr. Ir. I Made Tamba, M.P

This study entitled "Arabica Coffee Farming Business Performance "Case Study: Dharma Kriya Farmer Group, Belantih Village, Kintamani District, Bangli Regency" This study aims: (1) To analyze the productivity and efficiency of coffee farming in Dharma Kriya Farmers Group, Belantih Village. (2) To analyze the constraints faced by farmers in the Dharma Kriya Farmer Group, Belantih Village. This research was conducted in Belantih Village, Kintamani District, Bangli Regency, the location taken in this study was the Dharma Kriya Farmer Group. This research was carried out for 2 months, from October to November 2021. The sample selection in this study used the census method where all the population was used as a sample which was collected as many as 33 people, namely all members of the Dharma Kriya Farmer Group in Belantih Village. The data analysis method used in this study was descriptive qualitative and descriptive quantitative. The results showed that the agricultural productivity of arabica coffee in the Dharma Kriya farmer group was obtained per harvest season as much as 1,977.27 kg/are. The efficiency of Arabica coffee farming in the Dharma Kriya Farmers Group is efficient, so that the efficiency of Arabica coffee farming is cultivated further. The obstacles faced by coffee farmers include: the small scale of the farm, a solid extension system and service, the area of land and the weak level of technology.

Keywords: Efficiency, Farming Performance, Productivity,
