Dear Prof. Dr. Mochammad Taha Ma'ruf,

Your article looks well designed which titled " **The Biological Pathways of Vitamin D in Preventing Osteoclastogenesis of Alveolar Bone in Periodontitis: an Overview** ", but it should be revise especially references section according to the JIDMR guideline <http://www.jidmr.com/journal/author-guidelines/>.

All of the references section should be unique with a same character (**Year, volume(No):** page number).

Improve to the article with recently published articles, which some of reference samples are below, they are full text open access, references must be up to date.

It will be welcome if you cite some of them in your article.

You can send your article after revisions, you must complete your process up to 60 days.

Sincerely yours.
