Ni Putu Pandawani:

We have reached a decision regarding your submission to Biodiversitas Journal of Biological Diversity, "High impact of pagoda flower leaves to suppress zucchini yield loss due to zucchini yellow mosaic virus infection".

Our decision is: Revisions Required

Reviewer A:

Comments:

1. Some lines are confusing so please correct them.
2. To maintain the uniformity, I used pagoda extract instead of *C. paniculatum*.
3. Please check all the references again some are repeated twice.
4. correct the figure 2.
5. Please read paper very carefully.

Recommendation: See Comments
