On June 2, 2022 I sent you the Review report. I am forwarding the same again.

Dear Author

- 1-** Please find attached comments on your paper submitted to the International Journal of Agriculture and Biology. Your paper needs **Major Revision**.
- 2-** Make any further correction using track change system (in editor's comments copy) otherwise the revision will not be entertained. Also incorporate Reviewer's suggestions in this file.
- 3-** You can accept the changes which I made in Track Change System BUT **do not delete the comments**.
- 4-** Also provide a Response Letter to give your response to every comment given in the annotated manuscript.
- 5-** Revise paper in accordance with the attached sample paper.
- 6-** Submit Revised paper along with a language correction/editing certificate in **7 days**. Delay in submission of revision or incomplete revision may result in rejection of your paper.

Kind regards

Dr. Arshad Javaid

To: Arshad Javed <arshad.iags@pu.edu.pk>

Dear Sir

Attached is the galley proof of author's paper for correction if any. The GP has been prepared after editing by our Editors. This is perhaps the final time author's paper is with you before publication. So please send it to author.

Author read it very carefully, **indicate LEGITIMATE corrections using the CORRECTION GRID** which considered **Last time** and after this No any corrections considered suggested by author, So read it care fully and make Final corrections in **CORRECTION GRID** along with **signed copyright form** from all authors **and send with in 3 days**. **Also please give full attention to highlights and BOLD fonts if any**. Any delay from author's side will delay the publication of your paper.

Please note corrections (if any) will be made in the uncorrected proofs indicated by author(s) at this stage. No changes will be made after the proofs are corrected and final published PDF is emailed to author(s)

You are further requested to send a scan of the original signed Transfer of Copyright (TOC) form along with the corrections.
